About Morini

MORINI LIMITED is a Tanzanian fire safety, industrial safety, and general supply company based in Mikocheni Industrial Area, Dar es Salaam.

We provide reliable safety solutions and equipment that help businesses protect people, property, assets, and operations. Our services include fire detection and alarm systems, fire fighting equipment, fire suppression systems, personal protective equipment, workplace safety support, industrial tools, marine products, and general industrial supplies.

Our work is supported by a team of experienced and skilled professionals with strong knowledge in fire safety, industrial safety, equipment supply, installation, inspection, and workplace safety support. Their technical experience and field expertise enable us to deliver practical, compliant, and reliable safety solutions that meet the needs of different industries.

The company serves construction, manufacturing, oil and gas, marine, commercial, residential, and government sectors with a strong focus on safety, compliance, quality, and dependable delivery.

MORINI LIMITED is legally registered, tax compliant, OSHA registered, WCF registered, and certified by the Fire and Rescue Force as a competent dealer in fire detection and alarm systems.

Strategic Direction

Mission

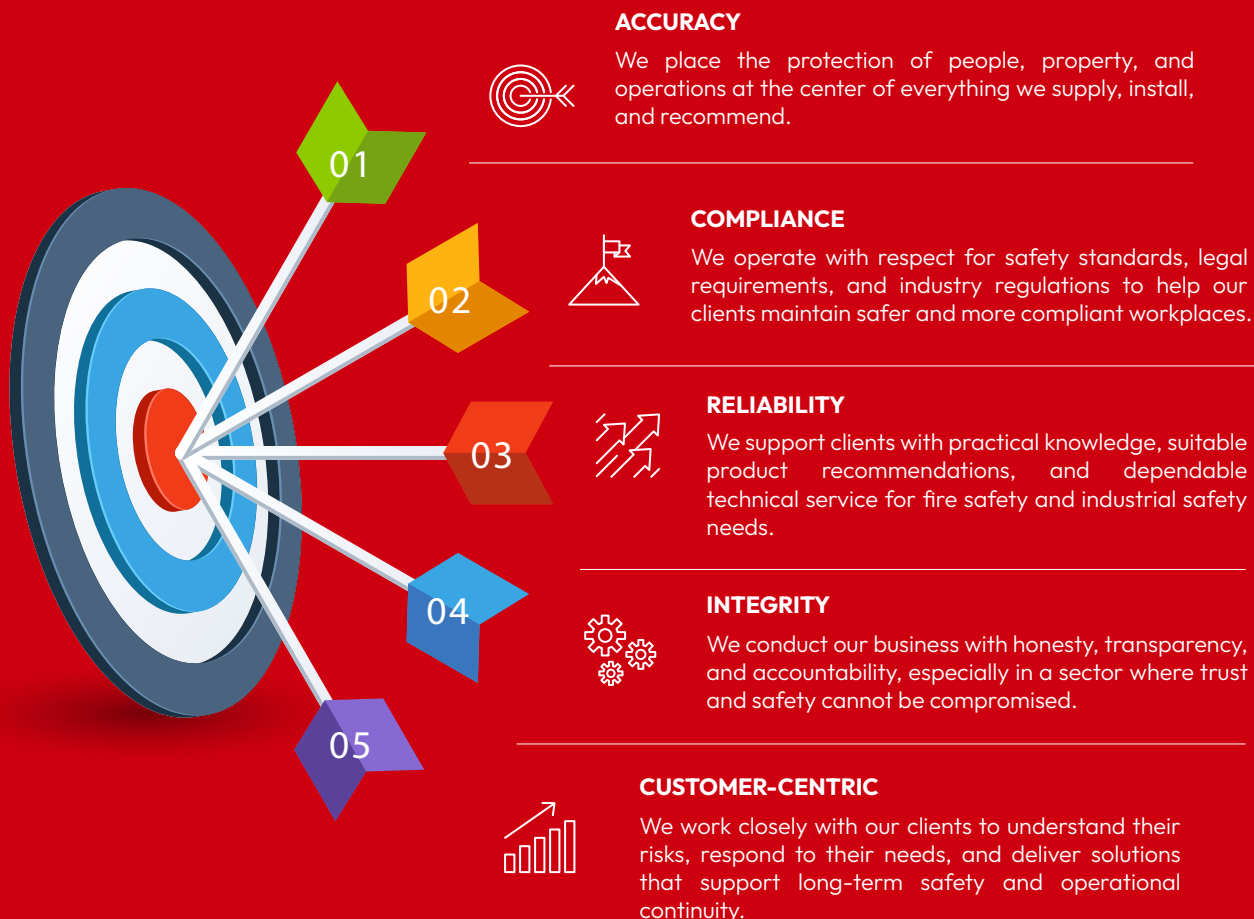

To help businesses, institutions, and industrial operators protect people, assets, and operations through reliable fire safety systems, certified safety equipment, technical support, and compliant supply solutions designed for high-risk working environments.

Vision

To become one of East Africa's most trusted fire and industrial safety partners within the next decade, recognized for delivering compliant safety systems, dependable equipment supply, and practical protection solutions to industrial, commercial, infrastructure and other sectors.

Our Core Values

Service Portfolio

Industrial Safety Solutions

- ✓ Fire Detection and Alarm Systems
- ✓ Fire Suppression Systems
- ✓ Fire Fighting Equipment and Accessories
- ✓ Personal Protective Equipment
- ✓ Safety Signage and Emergency Systems
- ✓ Workplace Safety Compliance Support
- ✓ Industrial Risk Assessment Support

General Supply Services

- ✓ Industrial Tools and Machinery
- ✓ Marine Fenders and Offshore Products
- ✓ Mechanical and Electrical Materials
- ✓ Engineering Consumables
- ✓ Corporate and Institutional Supplies
- ✓ Custom Equipment Sourcing Based on Client Specifications

1. Industrial Safety Solutions

MORINI LIMITED provides industrial safety solutions designed to help organizations protect workers, assets, facilities, and daily operations from fire-related and workplace risks. This category focuses on supplying and supporting essential safety systems, equipment, and protective products required in high-risk environments such as factories, construction sites, oil and gas facilities, warehouses, marine operations, and commercial buildings.

Our industrial safety solutions are built around prevention, protection, compliance, and emergency readiness helping clients create safer workplaces while meeting operational and regulatory safety expectations.

Our Industrial Safety Solutions

- ✓ Fire Detection and Alarm Systems
- ✓ Fire Suppression Systems
- ✓ Fire Fighting Equipment and Accessories
- ✓ Personal Protective Equipment
- ✓ Safety Signage and Emergency Systems
- ✓ Workplace Safety Compliance Support
- ✓ Industrial Risk Assessment Support

1.1 Fire Detection and Alarm Systems

We supply, install, inspect, and maintain fire detection and alarm systems that provide early warning during fire emergencies.

Industries

Commercial buildings, factories, warehouses, institutions, hotels, hospitals, oil and gas facilities, and industrial sites.

Benefits

Helps organizations detect fire risks early, respond faster, reduce damage, and improve fire safety compliance.

Smoke Detectors

Heat Detectors

Manual Callpoint

Alarm Bells

Fire Alarm Strobes

Alarm Cables

1.2 Fire Fighting Equipment and Accessories

We supply, install, inspect and maintain reliable fire fighting equipment and accessories for emergency preparedness and first response.

Industries

Suitable for offices, factories, construction sites, fuel stations, warehouses, schools, hospitals, hotels, shopping centres, and public facilities.

Benefits

Helps organizations respond quickly during fire emergencies, reduce damage, and maintain safer working environments.

Fire Extinguishers

Fire Hose Reels

Fire Cabinets

Fire Hydrants

Fire Blankets

Fire Buckets

1.3 Fire Suppression Systems

We supply, install, inspect and service fire suppression systems designed to control or extinguish fire automatically in high-risk areas.

Industries

Suitable for server rooms, data centres, factories, power rooms, fuel storage areas, commercial kitchens, marine facilities, oil and gas sites, and industrial plants.

Benefits

Protects critical assets, reduces operational downtime, limits fire spread, and supports business continuity.

1.4 Safety Gears & PPE's

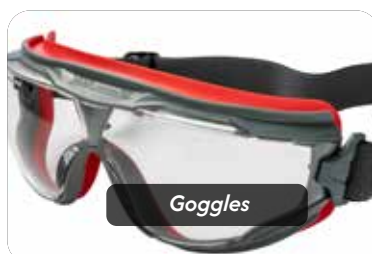

We supply safety gears and personal protective equipment designed to protect workers from workplace hazards.

Industries

Construction, manufacturing, oil and gas, mining, marine operations, logistics, engineering, workshops, and industrial maintenance teams.

Benefits

Improves worker protection, reduces workplace injuries, supports safety compliance, and builds a safer working culture.

1.5 Safety Signage and Emergency Systems

We provide safety signs and emergency guidance systems that help workers and visitors understand risks, directions, and emergency procedures.

Industries

Suitable for factories, construction sites, schools, hospitals, offices, hotels, warehouses, malls, residential buildings, and public institutions.

Benefits

Improves safety awareness, supports emergency evacuation, reduces confusion during incidents, and strengthens workplace compliance.

1.6 Workplace Safety Compliance Support

We support businesses in improving workplace safety readiness through practical guidance, safety preparation, and compliance-focused support.

Industries

Suitable for companies, factories, warehouses, institutions, construction projects, commercial buildings, and industrial operators.

Benefits

Helps organizations prepare for safety inspections, reduce legal and operational risks, and maintain safer work environments.

1.7 Industrial Risk Assessment Support

We help clients identify workplace risks, fire hazards, unsafe conditions, and safety gaps within their operating environment.

Industries

Suitable for factories, oil and gas facilities, construction sites, warehouses, workshops, commercial buildings, marine facilities, and processing plants.

Benefits

Helps prevent accidents, reduce operational losses, improve safety planning, and protect people, equipment, and business continuity.

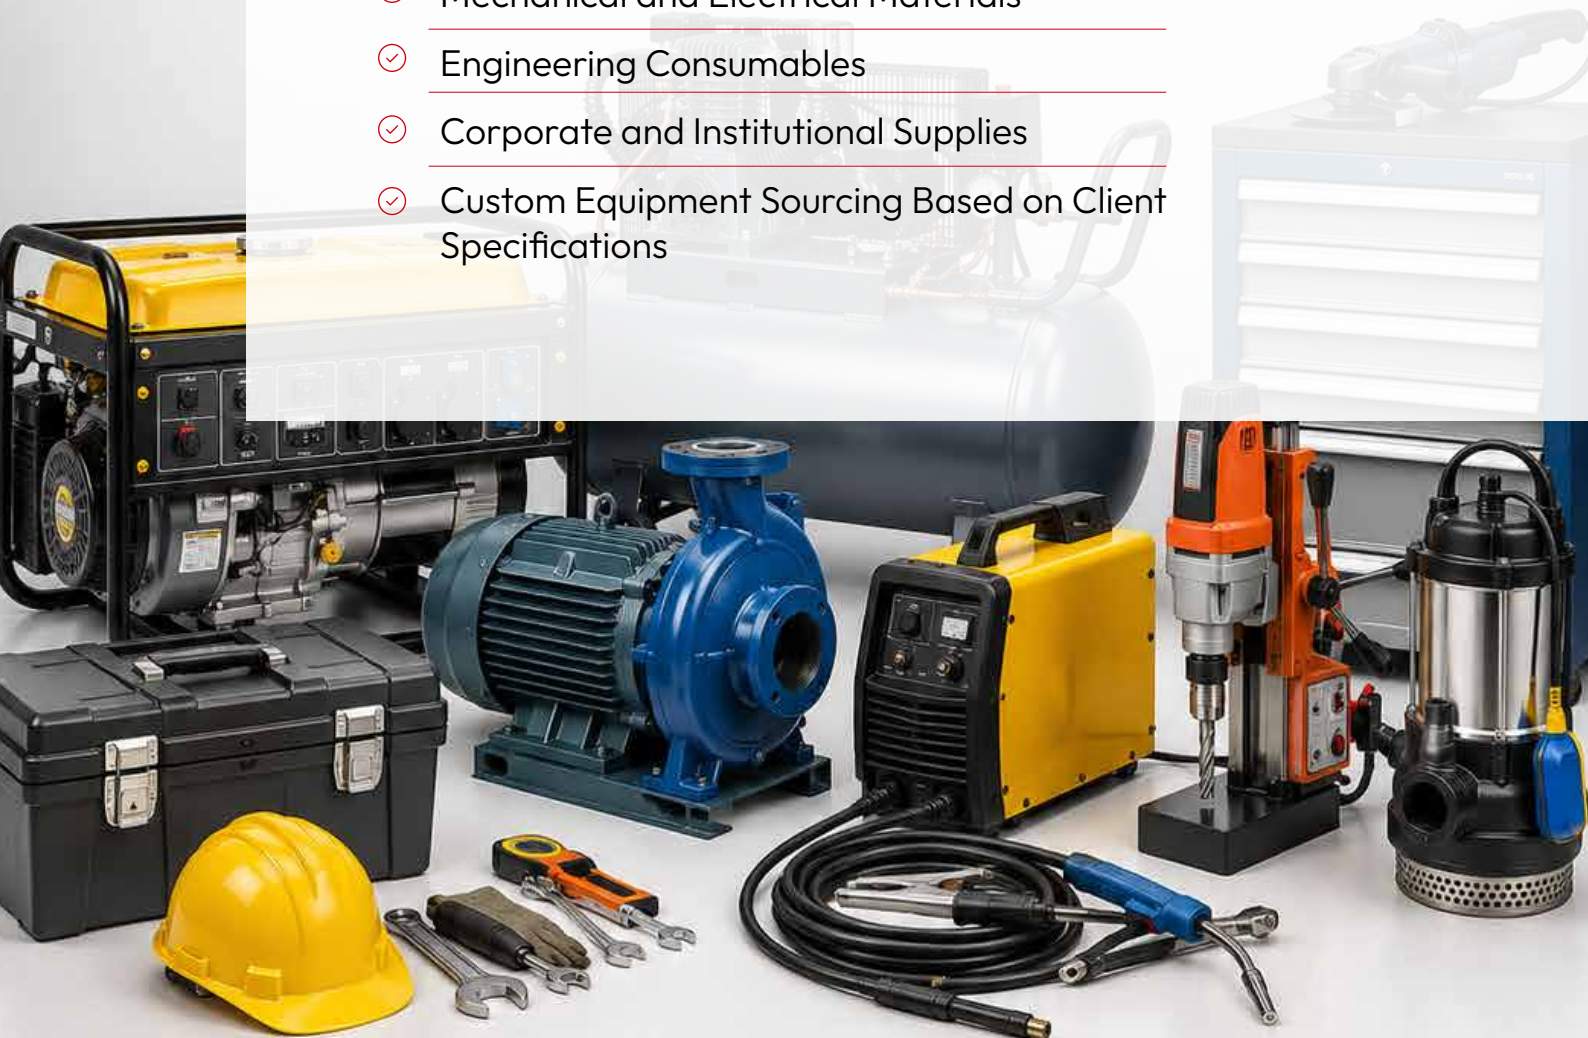

2. General Supply Services

We supply services for organizations that require reliable industrial, technical, commercial, and institutional products to support daily operations, projects, maintenance, and facility needs.

Our general supply services are suitable for construction companies, factories, engineering firms, marine and port operators, oil and gas facilities, government institutions, commercial buildings, maintenance teams, and project-based organizations.

General Supply Services

- ✓ Industrial Tools and Machinery
- ✓ Marine Fenders and Offshore Products
- ✓ Mechanical and Electrical Materials
- ✓ Engineering Consumables
- ✓ Corporate and Institutional Supplies
- ✓ Custom Equipment Sourcing Based on Client Specifications

2.1 Industrial tools & Machinery

We supply tools and machinery used in construction, manufacturing, engineering, workshops, and maintenance operations.

Industries

Construction, manufacturing, engineering firms, workshops, factories, processing plants, and maintenance contractors.

Benefits

Helps clients improve productivity, complete technical work efficiently, and reduce equipment-related downtime.

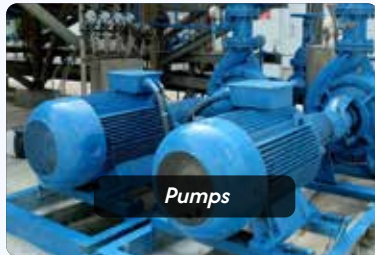

Power Tools

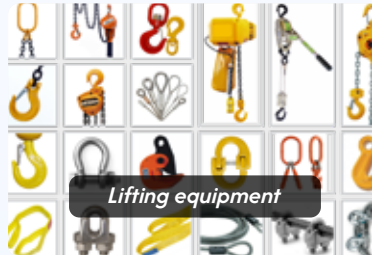

Welding Machines

Compressors

Pumps

Lifting equipment

Generators

2.2 Mechanical and Electrical Materials

We supply mechanical and electrical materials needed for installation, repair, maintenance, and project support.

Industries

Construction, industrial plants, commercial buildings, institutions, engineering companies, and facility maintenance teams.

Benefits

Supports safe, reliable, and continuous operation of buildings, equipment, and industrial systems.

2.3 Engineering Consumables

We provide consumables used in fabrication, repair, servicing, installation, and general technical operations.

Industries

Workshops, factories, construction sites, engineering contractors, maintenance teams, and industrial projects.

Benefits

Ensures technical teams have the right materials available to keep work moving without unnecessary delays.

2.4 Marine Fenders and Offshore Products

We supply marine fenders and offshore products used to protect vessels, docks, ports, and marine facilities from impact and operational damage.

Industries

Ports, marine operators, offshore companies, oil and gas facilities, coastal projects, and logistics companies.

Benefits

Protects marine assets, reduces damage risks, and supports safer port and offshore operations.

2.5 Corporate and Institutional Supplies

We supply general items required by companies, institutions, and public organizations for daily operations, facility needs, and project support.

Industries

Government institutions, schools, hospitals, NGOs, corporate offices, commercial organizations, and public/private institutions.

Benefits

Gives organizations a reliable supply partner for multiple operational needs, saving time and simplifying procurement.

2.6 Custom Equipment Based on Client Specifications

We help clients source equipment, materials, and supplies based on specific project, technical, or operational requirements.

Why Choose Morini

Legally Registered and Compliant

MORINI LIMITED operates with the required business, tax, workplace safety, employer, and fire safety registrations, giving clients confidence when working with us.

Reliable Product Supply

We supply quality fire safety equipment, PPE, industrial tools, machinery, and general supplies needed for daily operations and project execution.

Broad Industry Coverage

We serve construction, manufacturing, oil and gas, marine, commercial, residential, institutional, and government sectors.

Specialized in Fire and Industrial Safety

We focus on solutions that protect people, property, equipment, and operations from fire and workplace safety risks.

Practical Technical Support

We help clients choose suitable safety systems, equipment, and materials based on their working environment, risks, and operational needs.

Client-Focused

We work closely with clients to understand their requirements, respond on time, and deliver solutions that support safety, compliance, and operational continuity.

Quality Assurance Policy

MORINI LIMITED is committed to delivering fire safety equipment, industrial safety solutions, machinery, tools, materials, and general supplies that are reliable, compliant, and fit for purpose.

We focus on proper product selection, trusted sourcing, specification accuracy, safe handling, and timely delivery to ensure every solution supports our clients' operational, safety, and project requirements.

Our quality approach is guided by three principles:

Right Product

We supply items that match the client's needs, environment, and intended use.

Right Standard

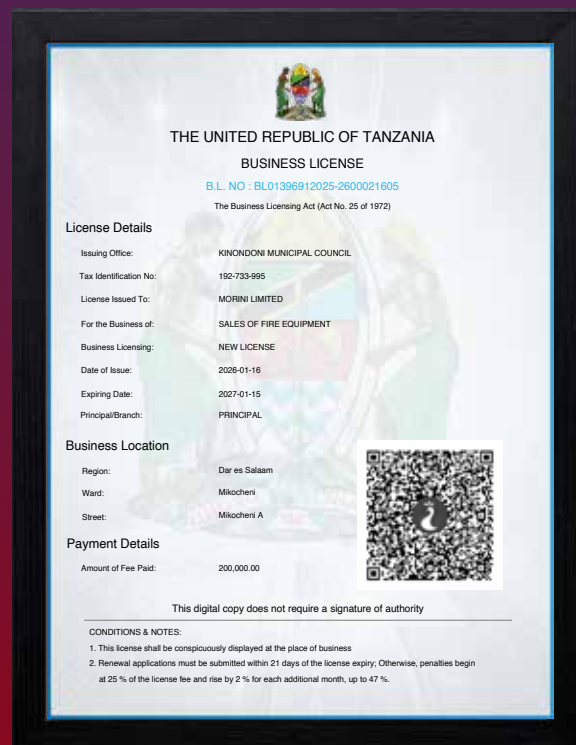

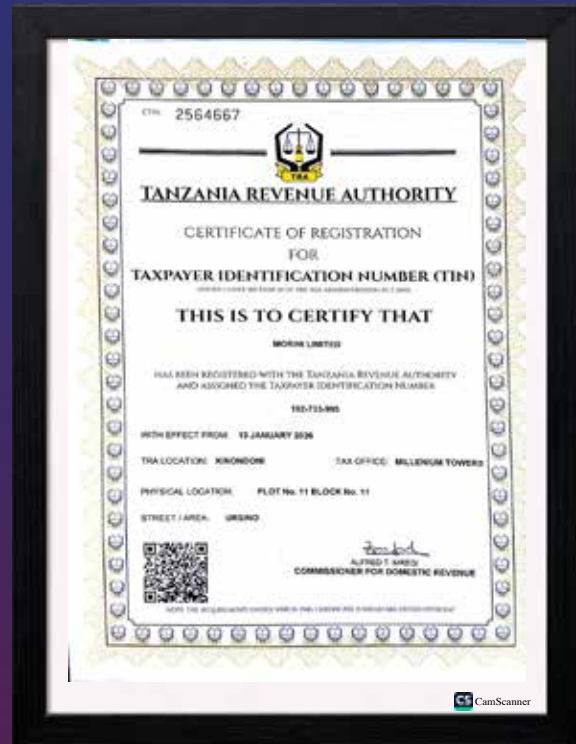

We prioritize safety, compliance, and dependable product performance.

Right Delivery

We aim to deliver on time, in good condition, and with clear client communication.

Through this policy, MORINI LIMITED supports safer workplaces, reliable operations, and long-term client confidence.
